Note: The data contained in this report represents the most current information represented by Nevada State Agencies.

ARRA financial data is calculated on a cumulative basis, while ARRA job figures are calculated on a quarterly basis. Note: Dividing Recovery Act money expended by the number of jobs created or retained does not provide an accurate cost-per-job-figure.

The Office of Management and Budget (OMB) revised the ARRA job calculation formula after the 3rd Quarter 2009 reporting period. As a result, job figures are not reported cumulatively.

The total jobs figure amount for this quarter was 199.04 which consists solely of section 1512 jobs. There were no Non-1512 jobs figures reported this quarter.
